|             | as a principal I can say I'm very proud of the teachers. Live lessons daily, and<br>phenomenal co-teaching, feedback to every student, differentiated lessons, daily story<br>time, accelerated lessons for students, mini lit and maxlit still running, learning hub<br>one-stop-shop for parents and tech help. Thanks to the dedicated staff at CPS for<br>delivering such a high standard during this challenge.   |           |  |  |

|             | 2021 has seen significant changes to the music program, to ensure we meet department requirements. As a result of department requirements we've had to move tutorials to before and after school hours. We have employed a class teacher who was a music teacher, and they've done an exceptional job in delivering the music program to our stage 2 and 3 students and collect data to ensure we can evaluate our practices. (Alex shared student feedback regarding music lessons / program).  |           |  |  |
|             | We have employed Marina Phillips to run explicit dance lessons, to help our kids get<br>more active after so much time at home. The programme has been very successful and<br>Marina will continue next year.  |           |  |  |
|             | During school rebuild work, the rebuild project will pay for the use of a church hall for use by the music program.  |           |  |  |
|             | As we move into our flexible learning spaces in the new build, we have had to evaluate<br>our existing teaching and learning programs, including our bilingual Korean program. I<br>would like to ensure we set our bilingual program up for success. Currently each class<br>has one Korean teacher in it. Going forward, to use the flexible learning environments,<br>each student will be in a co-teaching (two teachers) environment. That means the<br>bilingual classes will each have one Korean teacher and one mainstream teacher. We<br>will evaluate this approach as we move forward into our larger flexible learning spaces.  |           |  |  |
